Submission Instructions

Submission Deadline
April 25

KEYNOTE SPEAKERS

Prof. Ömer Aydan, University of the Ryukyus, Japan

Prof. Guanghsu Chang, Georgia Southern University, USA

Prof. Jesus Toribio, University of Salamanca, Spain

PLENARY SPEAKER

Prof. Nao-aki Noda, Kyushu Institute of Technology, Japan

TOPICS

- *Smart materials
- *Application of smart materials, structures and related technology
- *Fundamentals of smart materials
- *Intelligent systems, integrated with sensors, actuators and controllers, applied to automation and robotic systems that utilize smart material systems
- *Modeling/formulation and characterization of smart actuators, sensors and smart material systems
- *Smart material systems that utilize biomimetics and bioinspiration
- *Smart materials utilized as sensors and actuators with applications at any scale
- *Smart optical materials for modification in spectral shifts and refractive index shift
- *Trends and development in composite materials, intelligent hydrogels, interfacial phenomena, phase boundaries and boundary layers of phase boundaries, control, micro- and nano-systems, electronics

Language

English is the official language. Paper should be prepared and presented in English.

Requirement

FULL PAPER (no less than 4 Full Pages) submission is required for Publication and Presentation.

ABSTRACT (200-400 words) submission is required for Presentation Only without Publication.
